## THEY CONTINUE TO TALK TINKER

And the Late Candidate for Sheriff Himself Takes Turn at Talking Game.

MAY PUT OUT CANDIDATE

Then, Too, Some Criticising Committeemen May Be Requested to Vacate.

The meeting of the Hamilton county republican executive committee, which will be held on next Saturday, promises to equal, if not excel, in point of interest and po-litical developments the meeting of the same committee on the pre-ceding Saturday. However, there is one fact that the committee tands as a unit on, and that is the coming meeting will not be a star chamber affair, but will be open not only to members of the committee, but to members of the party.

committee at present is greatly divided in their opinion as to the withdrawal of John Tinker from the race for sheriff and this topic is the all absorbing one and can be heard on almost every street corner where two or more are gathered. The faction, insisting that the withdrawal of Tinker was a political move engineered by Sam A. Conner and Willard Spring-field at the instance of a certain democratic influence, insist that Mr. Tinker will be asked to tender his resignation as chairman of the committee. ever, Mr. Tinker and his friends are insistent his resignation will not be asked for, but instead several members of the committee, whose loyalty is

114 EAST SEVENTH STREET

questioned, will be asked to vacate their seats.

Tinker Talks. Mr. Tinker is out in a red-hot state-ment regarding his withdrawal and what prompted it and criticism of some members of his party.

Aside from the fight among them-selves, it is said that the committee will perfect its "delayed pass" and in-dorse George W. Chamlee for attor-ney-general and Charley Watson for county court clerk. There is a great deal of criticism among the party much adverse comment as to why Mr. Chamlee and Mr. Watson's candidacy was not indorsed before.

It is understood that Maj. Charles R. Evans is in a receptive mood for the nomination for attorney-general, and this is given by those favoring last Saturday's star chamber session as the reason the committee held their meeting behind closed doors. The majority of the committee, it is under-stood, not only do not favor Maj. Evans for the nomination for attorney general, but no other candidate.

May Name Cardidate. Republican leaders are insistent that at Saturday's meeting a candidate for sheriff will be nominated. It is stated that the nomination will probably go to W. S. Weatherford if he consents to run. However, other republicans favor no nomination for sheriff from the party ranks, but favor the nomination of an independent candidate at sincere a mass meeting to be held some time | sheriff. next week. In connection with the nomination at a mass meeting the name of Roger Crox, present superin-tendent of roads, is being mentioned. Friends of Mr. Crox state that they have so far failed to get him to allow his name to be called, but admit that said that he would await the action of the committee on Saturday and then might consider the matter. It is known that Mr. Crox would not only poll a large republican vote, but has powerful democratic friends who would

make him a formidable contender. In general opinion, both among democrats and republicans, is that a high-class man must be nominated for sheriff, and in the event he is the citizenship of Hamilton county would get back of him and elect him to this

Do Not Understand. John Tinker in discussing the situation Thursday morning stated that he

each and every one of them and ex-plain, but that he would make a more definite statement later, as he was not at liberty to make one now.

"I have had offered me, or will have," said Mr. Tinker, "a position I feel not only duty, but patriotically bound to acept. It is with an organization that is carrying on a great pa-triotic work and which has stood behind the president during the war and

it has called for my services."
When asked Thursday morning what he thought of the views of several re-publicans regarding his withdrawal and the rumor that he would be asked to resign as chairman of the committee, Mr. Tinker said "It sounded very much like the conversation certain republican emissaries of the county judge had been indulging on the streets with a number of republicans."

"My reasons for withdrawing from the race were stated to the committee and published in both the daily papers, and that statement is correct, despite fact that political enemies of J. W. Springfield and Sam Conner are trying to hold them as the sole reason for

my withdrawal.
"I further believe that my withdrawal is causing more comment from those republicans who are supporting the democratic nominee for judge than it is from my friends who sincerely wanted me to be the next

"As to me being asked to resign from the chairmanship of the committee. I am of the opinion that this is not as likely to happen as is the resignation of some members of this committe who are supporting the democratic nominee

for county judge.
"I think the people are more interested in the economical administration of our county government than they are in who is going to be the next sheriff, notwithstanding the fact that some republicans, who are expecting trough, are trying to preach party dis-

#### **WOMAN FALLS FROM ERLANGER WINDOW**

Leona May Palmer, a patient in ward on the fourth floor of Erlanger hospital, attempted to es-cape Wednesday night by climbing from a window down a sheet rope she had made. When she reached she had made. When she reached the second story the rope broke and she fell to the ground, many feet below her. She landed on her feet with such force that her ankle was broken. She also received painful sprains and was otherwise injured. She was picked up, carried back into the hospital and given medical attention.

The Palmer woman, evidently tiring of the hospital ward, secured some sheets, tied them together and sought to do the getaway act, but the best laid plans "gang aft aglee."

#### Woman Found III and Starving in Vacant House

Suffering with pneumonia and very near unto death's door, Bettie Vaughn was found Thursday morning in a vacant house in "Hell's Half-Acre." Chapman's ambulance removed her to Erlanger hospital. It is understood that she was almost starved.

When the ambulance men arrived the woman was lying on the floor. There was practically nothfloor. There was practically ing in the house except some bed clothing.

#### JOHN MANSFIELD WILL SPEAK AT OGLETHORPE

John Mansfield, the noted English poet, dramatist and historian, who is making a tour of the military camps in the south, is scheduled to be at Fort Oglethorpe in a few days, the exact date not yet being known. In his tour Mr. Mansfield will visit Camp Sevier, Camp Jackson, the Charleston navy yard, Camp Hancock, Camp Gordon, Camp Wheeler, Camp Johnston, Camp Sheridan and Camp Shelby.

HUGH HUFFAKER WILL GO TO NAVAL ACADEMY

An appointment to Annapolis naval academy has been received by Hugh Huffaker, son of Commissioner and Mrs. H. D. Huffaker, and he will leave about June 10. The young man, who is a graduate of Chattanooga High school, spent three months at Marion. Ala., in special study, preparing for the appointment, and on May 18 took the necessary examinations. Notificahis success was received

#### realized that the people at large did not understand his withdrawal, and that it was impossible for him to see ESCAPED FROM FORT OGLETHORPE

Hun prisoner now at libery after being recaptured five times after as many escapes.

Arnold Henkel, six times escaped i not risk a shot that might wound his from German prison barracks in this country, is still at large. A glance at the countenance shown above is sufficient to explain why military authori-ties at Chickamauga report Henkel as the most desperate and dangerous of five prisoners who cut their way to liberty through barbed wire stockades at Oglethorpe last Monday. The story of Henkel's escapes read almost like romance. Twice has he made a successful sotaway from Chickamauga. Once he escaped under the very nose of guards at the prison at Fort Mc-Pherson, Atlanta. Three times previous to that he is accredified with escaping from eastern internment camps.

man officer and to have been a confederate of the famous Boy-Ed. His first escape from Chickamauga was made possible by the smuggling of a file into Henkel's cell, concealed in bread. With this he sawed his way to liberty th severad comrades; ran a gauntlet of rifle fire from the prison guards and was only brought back to camp when wounded in the arm with even more determination than Henkel. When covered by his captor's gun. Henkel clutched an infant child to his breast as a shield and attempted to get away, thinking the farmer would

Henkel is said to have been a Ger-

daughter. Taking a perilous aim, howwound in Henkel's arm, and he sur-

His last escape was effected by cut ting the wire in the rear of the camp Monday in broad daylight and apparare stationed in watch towers all about the reservation.

The photograph explains Though somewhat dishevelled, the pronounced nose, the strength of the jaw and the expression of the eyes show that Henkel would risk anything and do almost anything necessary along the line of spectacular adventure. However, the exploits of the German have been more successful in the getaway than in being able to stay away. His record shows that on one occasion, however, he reached Liverpool under a forged passport, before detection. The military description of the fugitive follows:

Name, Arnold Henkel; nationality. German: age, 35; height, 5 feet 7 inches; complexion, dark; eyes, grey; hair, dark brown, tinged with grey; finger on left hand slightly crooked; buckshot wound in right arm.

There seems to be some confusion

much to the pleasure of the evening by keeping the fun going. From the way he led the singing and the "pep" he put behind the different songs one would judge that he is a regular pro-fessional. He started off with "Hang the Kaiser on a Sour Apple Tree," and "Over There," "How Dry I Am," and

patriotic airs.

An interesting feature of the meeting of the gas association in Chattanooga was the dedication of the service flag with twenty-three stars on it. The flag was made by Mrs. R. L. Marsuis, of Birmingham, Ala., and was dedicated by R. J. Rolston, of the Welschbach Gas Lamp company, of Philadelphia. An interesting party attending the

MarQues, of Birmingham, Ala.; Ed-gar Morris, of Washington, D. C.; J. as "Pop" Mason by every member of W. Perkerson, of St. Petersburg, Fla.; the association. He is 75 years old and E. E. Thomas.
Treasurer, Warren L. Rohr.
Directors, H. F. Griscom, Mark
Wilson, Fred Cantrell, Stanley
Robinson, Morrow Chamberlain.
Following the election, speeches of
acceptance were made by the newly
elected president and vice-president.
In their talks they emphasized the good
they had received through membership
in the Rotary club and what it has
meant to them. The newly elected meant to them. The newly elected president emphasized the fact that while the club had been called upon to while the club had been called upon to undertake a great many things, all of which had been carried through successfully, he thought it well that during the coming year they not undertake too many things, but do one job and do it well, showing by their work that the spirit of service was paramount among the Rotarians.

The fact was developed that the newly elected treasurer. Warren L. Rohr, will shortly remove from Chattanoogs to Roanoke, Va., although his family will remain in the city. A resolution was passed appointing a com-

olution was passed appointing a com-mittee to draft suitable resolutions to the way of a memorial testifying to Warren Rohr as a citizen and Rotarian. A motion was also made to the effect that instead of accepting Mr. Rohr's resignation an assistant treas-urer be nominated for the ensuing

The work of the Red Cross drive came in for a considerable share of attention. W. E. Brock, chairman of the general committee, who was present as a guest of the club, told of the wonderful success of the second drive, which closes tonight. He cited exam-ples of unselfish loyalty on the part of citizens of Chattanooga, paying par-ticular tribute to employes of the in-dustrial plants, who had shown through their contributions that the

through their contributions that the spirit of sacrifice was among them. C. M. Preston. treasurer of the Chattanooga chapter of the Red Cross, told of how funds were being dispersed by the local chapter.

James Finlay, district governor, who has just returned from the peace conference in Philadelphia, made an interesting talk on the conference, stating that the keynote of the meeting ing that the keynote of the meeting was winning the war. Mr. Finlay's

talk, while brief, proved highly interesting, conveying as it did the patriotism of the people of this country. Inasmuch as Thursday, May 30, is Memorial day and will be observed by citizens all over the United States in the form of prayer and fasting, it was decided that the matter of mutable observed. decided that the matter of suitable ob-servance of the day be left to a de-cision of the officers and entertainment

### GAS ASSOCIATION **ELECTS NEW OFFICERS**

Pass Resolution to Insure Supply of Fuel for Winter Production.

The newly elected officers at the neeting of the Southern Gas associa tion Thursday morning are President L. Gaston, of Knoxville; first vice-president, R. J. Titzel, of Birmingham, Ala., and second vice-president, Noble Clay, of Durham, N. C. The retiring ecretary and treasurer, M. A. Bowlin, of Macon, Ga., was re-elected for another term. Board of directors, R. L.

A greater part of the morning's session was devoted to the election after which a general discussion of the serious fuel situation took place and the following resolutions intro-duced by the special committee:

"Whereas, the Southern Gas association, in convention assembled, at its tenth annual meeting in Chatta-nooga, May 22-23, has discussed the serious shortage of coal, coke and oil for the manufacture and distribution of gas for the coming year; and, whereas, present indications and past experiences indicate the impossibility of storing an adequate stock at th present time and for operations next fall and winter when transportation and operating conditions will be still more acute; and, whereas, the quality and preparation of coal is more es-sential for gas production than is any other industry where coal is used, not only for the recovery of by products which are so essential to government requirements:

"Be it therefore, resolved, That the Southern Gas association transmit this resolution to the gas electric science committee of the Courcil of National Defense, through its chair-man, W. J. Wheb, with the request that everything possible be done to rescue for the gas companies of the south immediate and adequate sup-ply of coal, coke and oil for the coming winter; and, he it further re-solved. That the Southern Gas association herewith pledges its continued loyalty and support to the United States government in all its activities for bringing the present war to a uccessful conclusion.

(Signed)
"Mac D. DEXTER,
"H. D. SCHALL,
"FARES FERRIER. Special committee appointed by pres-ident to draft resolutions."

### GAS ASSOCIATION HAS ITS SERVICE FLAG

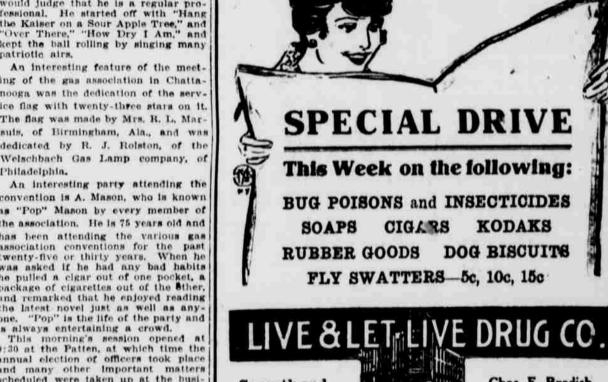

Banquet Wednesday Evening Has Patriotic Savor-War Problems Discussed.

clation set aside their troubles for a few hours Wednesday evening at their annual "get-together" dinner held in Chattanooga at the Hotel Patten, S. E. DeFrese, manager of the Chattanooga Gas company, presided at the gather-ing. In his opening remarks he reviewed the gas situation in general, touching on the labor and fuel questions. He also told of how the general advance in prices had affected the gas companies the same as other concerns and the public in general.

The first speaker of the evening was Edmund Dickey, of the Maryland Gas Meter works, Haltimore, Mr. Dickey related something of the original Hun and many interesting things concernng the Germans in their warpath record of the past.

bank, who was present at the dinner, was then called on by the chairman to make a talk. Mr. Hoskins devoted the greater part of his address to liberty
